A Note From the Directors

The Journey to Impressions 2026

Today, we celebrate the journey that brought us to our final performance of the season. We are so excited for you to see our beautiful artists take the stage.

Every child's journey is different. Every person has a different story to tell. That is the beauty of dance — communicating emotion, experiences, and individuality through movement and expression.

To our choreographers and teachers, words cannot adequately express how grateful we are for your talent, professionalism, vision, patience, and wisdom. Your legacy is one of beauty, inspiration, and profound impact.

To our parents and guardians, thank you. It has been said many times, but it will never be enough. The commitment it takes from you to make all of this possible does not go unnoticed. Between rehearsals, carpools, costume changes, food runs, and endless drop-offs and pick-ups, you truly could all run your own Uber service. We are forever grateful for the opportunity to play such a meaningful role in your children's lives and memories.

Elena, Summer, Avery, Nora, Molly, and Kailyn — today is a day of celebration, excitement, and accomplishment. As you take your final bow, look around, look out into the audience, and know that you will always have a second home at Infinite Motion. We are so proud of each and every one of you and cannot wait to see what the future holds.

The legacy we leave behind when one chapter closes and another begins is found in the impressions we make on each other's lives forever.

Fondly,
Colleen and Rosanne

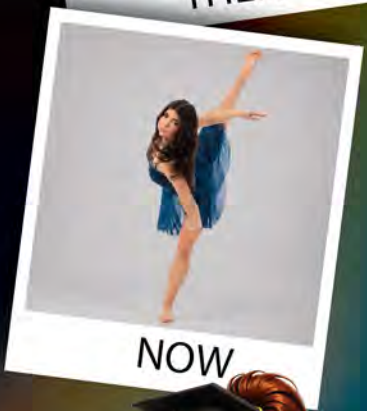
MAJOR: UNDECIDED | **MINOR:** DANCE

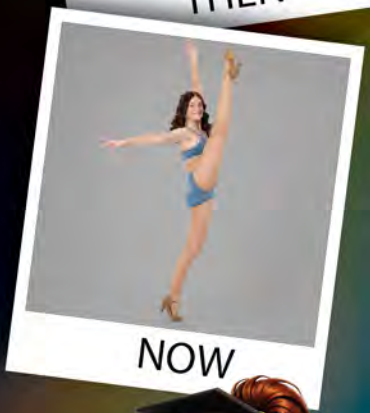
Joining dance company four years ago was one of the best decisions I have ever made. Even though I haven't been here as long as others, these years have pushed me to grow and work hard for my goals. I learned that improvement doesn't happen overnight, but it happens through consistency and a genuine love for dancing. Dance also gave me confidence and helped me step out of my comfort zone. A few years ago, I would have never imagined that I'd be where I am today. In middle school, I wouldn't have been able to get on a stage and perform by myself, and I wouldn't have believed it if you told me that I can now. Dance has been there for me through every up and down of my life, and I found a bigger passion for it than I expected. I've always loved dancing, but now it's hard to imagine my life without it. Dance company has helped me in so many ways, inside and outside of the studio, but the most important thing dance company gave me is a second family. The people I've met through dance are some of the most important people in my life. No matter the day I was having, I knew I could come to dance and be surrounded by the people who will support me through anything. I'm so grateful for every laugh, every cry, and every moment I've got to spend with this team. Words genuinely cannot express how much I will miss dancing with my best friends, nothing will ever compare to that. Thank you Impaa for this incredible journey and for giving me a second home.



ELENA SHERWOOD

YEARS AT IMPAA: 10 | **COLLEGE:** UNIVERSITY OF DELAWARE
MAJOR: MARKETING

I am so grateful for everything Infinite Motion has given me. Being a part of the Dance Company for five years has meant more to me than I ever thought possible. I started dancing recreationally at IMPAA in third grade, never imagining where the journey would take me. I admired the Company dancers and envisioned how cool it would be to one day reach that skill level. At first I worried about the new level of commitment, but after joining, I quickly learned that it would become my second home. Aside from learning style and technique, I have gained my most valuable friendships that I will cherish forever.
I have not only grown as a dancer, but as a person. The Dance Company has taught me to push myself, given me confidence, and allowed me to leave my heart on the stage. Every rehearsal, performance, competition, and backstage experience has shaped who I am today. I have learned what it feels like to truly love what I do.
It is hard to believe that something so important in my life is coming to an end. I would do anything to have one more six hour Sunday rehearsal. I am excited to see where my future takes me, but I will never forget my Dance Company experience, which started my lifelong passion for dance. I know I can always rely on my IMPAA family. Thank you for the forever memories.



KAILYN REJENT

YEARS AT IMPAA: 2
COLLEGE: SACRED HEART UNIVERSITY
MAJOR: NEUROSCIENCE

Coming into dance company my senior year was something I never expected I would do, but it is the best decision I have ever made. I have met so many amazing people and have created lifelong friends. I have loved my time at IMPAA and will take all of the skills I have learned here with me for the rest of my life. I am so blessed and grateful that this is where I am today. I am attending Sacred Heart University where I will be majoring in neuroscience and I am in the dual degree Physician Assistant Program.
I have been at IMPAA for two years.

NORA MCCAFFERTY

YEARS AT IMPAA: 7 | **COLLEGE:** FLORIDA ATLANTIC UNIVERSITY
MAJOR: UNDECIDED

I started competing in my freshman year of high school, and have only been on dance company for 2 years, but even in that short amount of time, being a part of the IMPAA dance family has been the most impactful and important part of my life. I've tried so many sports and activities in my younger years but nothing comes close to the way dance has made me feel. Dance has given me so much throughout the years; things that will genuinely stick with me forever. I was a generally shy kid, and at first getting up on that recital stage was the scariest thing to me. As I started to dance more, the less scared I was to put myself out there. I became so much more confident not only as a dancer, but as a person. Through dance I really found my "voice" and started to feel confortable with who I am. I can thank most of my teachers for this. Some staff at IMPAA has completely changed my life for the better. Their support and encouragement have meant everything to me. From my teachers from performance team, to hip hop, and then dance company, I thank them all for pushing me to become the best dancer I could. And as much as the physical sport of dance has changed me, what really stuck with me through this all is the family that I found myself in. My team are my best friends. I have never felt as comfortable and connected to a group of people so quickly. The memories I have made over the years I will never forget. I have shared endless laughs and cries, exciting moments as well as disappointing ones, and everything in between. My friends from Infinite Motion mean the entire world to me and I don't know what I would do without them. I thank Infinite Motion for endless support, encouragement and opportunities that have helped me grow in every way. I wouldn't be who I am today without this program. Although I'm sad my time here is over, all the lessons and skills that I have learned will be with me where my path takes me!

THEN

The company means to me connection and friendship. I joined the company during Covid and the connections I made with the people were and are very important to me. The friendships I have made on company have made an impression on my life and has helped make me who I am today.
